MERGING OF TWO FLATS IN ONE  
FOR PROPERTY TAX CALCULATION

Respected Sir,

I hereby want to state that I had purchased one flat from Srijee Developers in 2007. The flat no. 18 and 19 were combined in one which I had purchased under my ownership.

I have observed that in Kamarkhata Municipality records both the flat no 18 and 19 have been endorsed in my name separately which made an excess tax liability imposed on one year to year basis.

Please do needful in this regard so that one flat (preferably No. 19) consisting of 980 sqft. approx area after combining the above mentioned 02 flats is to be considered for appropriate property tax in my name henceforth.

Thanking you and waiting for your kind approval in this context. The details of property is mentioned below for your reference and necessary action.
