INTRODUCTORY NOTE BY CHAIRPERSON

It's a great privilege for me to place an overview on the preparation of the HFAPoA of our municipality under PMAY while an attempt is made to introduce the document to be implemented in the interest of the people of this locality. The Plan of Action aims at achieving the objective of creating a healthy society with the help of available resources, the human resources development being at the centre of all such activities. The other aspect of the development process is the planning for the physical infrastructure development directed towards making an investment friendly development whose sustainability can be ensured. The outlook of decentralized planning has also been put into exercise to our best effort to involve all sections of the people of our locality in many workshops and publicity media community convergent approach being our target.

Through the present methodical process for preparation of HFAPoA has been complied based on our capability for the first time. We realized that we would also have to find out the ways to achieve the targets fixed through planning. The twenty-first century being the century of rapid growth of urbanization, the development of the area must have to maintain the pace with the growing need of services to the people. We must take into account that we would organize developmental activities on visualizing the problems to come rather than running after the problem is created. We are proud that we had been in such a process during the last few years and could be able to utilize monetary allocations on plan fund in a right direction. Now an occasion in relation to Central Govt. assistance has arisen which has induced our ideas to be translated into practice in a structured manner and we have ventured the same for presentation to the Authorities for their approval and enabling the citizens to be equipped with an instrument of development.

Chairman
Bhadreswar Municipality

WORKING DEFINITIONS

Affordable Housing Project:	Housing Projects where 35 % of the houses are constructed for EWS category
Beneficiary	A beneficiary family will comprise husband, wife and unmarried children. The beneficiary family should not own a pucca house (an all-weather dwelling unit) either in his//her name or in the name of any member of his/her family in any part of India
Carpet Area	Area enclosed within the walls, actual area to lay carpet. This area does not include the thickness of the inner walls.
Central Nodal Agencies	Nodal Agencies identified by Ministry for the purposes of implementation of Credit Linked subsidy component of the mission
Economically Weaker Section(EWS)	EWS households are defined as households having an annual income up to Rs 3, 00,000(Rupees Three Lakhs). States/UTs shall have the flexibility to redefine the annual income criteria as per local conditions in consultation with the Centre
EWS House	An all-weather single unit or a unit in a multi storeyed super structure having carpet area of upto 30 sq.m. with adequate basic civic services and infrastructure services like toilet , water, electricity etc. States can determine the area of EWS as per their local needs with information to Ministry
"Floor Area Ratio" (FAR)/FSI	The quotient obtained by dividing the total covered area (plinth area) on all the floors by the area of the plot: Total covered area on all the floors x 100 **FAR=**---------- Plot area If States/Cities have some variations in this definition, State/City definitions will be accepted under the mission
Implementing Agencies	Implementing agencies are the agencies such as Urban Local Bodies, Development Authorities, and Housing Boards etc. which are selected by State Government / SLSMC for implementing Housing for All Mission.

Low Income Group (LIG)	LIG households are defined as households having an annual income between Rs.3, 00,000 (Rupees Three Lakhs One) up to Rs.6, 00,000 (Rupees Six Lakhs). States/UTs shall have the flexibility to redefine the annual income criteria as per local conditions in consultation with the Centre.
Primary Lending Institutions (PLI)	Scheduled Commercial Banks, Housing Finance Companies, Regional Rural Banks (RRBs), State Cooperative Banks, Urban Cooperative Banks or any other institutions as may be identified by the Ministry
Slum	A compact area of at least 300 population or about 60-70 households of poorly built congested tenements, in unhygienic environment usually with inadequate infrastructure and lacking in proper sanitary and drinking water facilities.
State Land Nodal Agencies (SLNAs)	Nodal Agency designated by the State Governments for implementing the Mission
Transfer of Development Rights (TDR)	TDR means making available certain amount of additional built up area in lieu of the area relinquished or surrendered by the owner of the land, so that he can use extra built up area himself in some other land.

1. SITUATION ASSESSMENT FOR HFAPOA

1.1 BACKGROUND

"Housing for All" Mission for urban area will be implemented during 2015-2022 and this Mission will provide central assistance to implementing agencies through States and UTs for providing houses to all eligible families/beneficiaries by 2022.

Mission will be implemented as Centrally Sponsored Scheme (CSS) except for the component of credit linked subsidy which will be implemented as a Central Sector Scheme.

A beneficiary family will comprise husband, wife, unmarried sons and/or unmarried daughters. The beneficiary family should not own a pucca house either in his/her name or in the name of any member of his/her family in any part of India to be eligible to receive central assistance under the mission.

States/UTs, at their discretion, may decide a cut-off date on which beneficiaries need to be resident of that urban area for being eligible to take benefits under the scheme. Mission with all its component has become effective from the date 17.06.2015 and will be implemented upto 31.03.2022.

All 4041 statutory towns as per Census 2011 with focus on 500 Class I cities would be covered in three phases as follows:

Phase I (April 2015 - March 2017) to cover 100 Cities selected from States/UTs as • per their willingness.
Phase II (April 2017 - March 2019) to cover additional 200 Cities•
Phase III (April 2019 - March 2022) to cover all other remaining Cities•

Ministry, however, will have flexibility regarding inclusion of additional cities in earlier phases in case there is a resource backed demand from States/UTs.

1.2 APPROACH AND METHODOLOGY

The HFAPoA for Bhadreswar has been prepared in accordance with the guidelines issued by Ministry of Housing and Urban Poverty Alleviation, Government of India. Overall approach adopted throughout the preparation of this HFAPoA has been based on four key principles

- Administrative consultations
- Community involvement,
- Innovative solutions in any situation
- Coordination & validation.

Methodology adopted for preparation of HFAPoA is demonstrated in the below:

a. Orientation workshop with elected representative and ULB personnel.
b. Completion Demand Assessment Survey.

c. Analysis of the data outcome from Demand Survey.
d. Filling up concerned formats.
e. Planning workshop with elected representatives and officers of ULB.
f. Preparing investment requirement and Financial plan
g. Finalization of HFAPoA.

1.2.1 Consultative Workshop / Meetings realating to Demand Survey and HFAPoA

HFAPoA envisages continuous involvement of all representatives with specific reference to the community members for preparation of HFAPoA. With an objective to develop a detailed understanding of the provisions and procedures of HFA as stipulated by Ministry of Housing and Urban Poverty Alleviation (MoHUPA), GoI a number of workshops and capacity building programmes were organised by the SUDA, GoWB both at the state level as well as ULB level. Details of the workshop and capacity building programmes organised by ULB (refer Annexure A-1 for photographs taken during workshop):

Figure 1: Consultative Workshop at Bhadreswar

Picture 1: **Chairperson Bhadreswar informing participants about the HFA**

Picture 2:**Board of Councilors and other representative during Workshop**

1.3. CITY PROFILE AND OVERVIEW

Bhadreswar Municipality (BHADRESWAR MUNICIPALITY) is an old ULB established in 1869. It spans an area of 8.28 sq. kms. The cosmopolitan town has a mixture of Bengali, Hindi, Urdu, Telugu and Oriya speaking populations. While the Bengalis comprise the bulk of the people (50%), the others together make up for the rest. The non-Bengali speaking populations are migrants into BHADRESWAR MUNICIPALITY. It comprises 22 wards in year 2010.

The industrial landscape shows the domination of jute mills few old private engineering factories set up in 1965/66and some small scale cottage industries. The local economy provides options for engagement in bakery products, soft doll making, plastic goods etc. People are largely engaged as labour and the rest work in the cottage industries or as daily wage workers. Despite this, the unemployment rate in town is nearly 20%. There are also a large proportion of workers in sporadic or semi employment. Such a picture of employment is the reason for poverty in the town.

Because of the poverty situation, the town has colonies of squatters' settlements on land belonging to the Railways, Irrigation and Public Works Departments. There are also pavement dwellers as well as hawkers on pavements.

Table 1: Population of Bhadreswar

Year 1991	Year 2001	Year 2011

1.4. HOUSING AND PHYSICAL INFRASTRUCTURE PROFILE

Housing profile

In context of Bhadreswar, 76% of households live in pucca or partially pucca houses[1]. Housing condition in its slums is not in good shape as 57% of the slum houses are either Katcha or semi-pucca. Considering the above, municipality has already initiated construction of affordable houses in 34 slums spread over 22 wards on a piecemeal basis leveraging BSUP scheme. Under this scheme (2006-2007 to 2016-2017) total 3907 houses were constructed in 34 slums spread over 22 wards as well as infrastructure projects like Road, Drain and pipeline work were also targeted side by side.

The following table gives ward-wise construction of urban poor houses planned during 2006-07 till date under BSUP.

Table 3: Number of Housing proposals under BSUP Scheme

Ward No	Housing Under BSUP
1	481
2	191
3	473
4	555
5	562

18	95
19	364
20	29
21	341
22	254
Total	**3907**

Source: Bhadreswar Municipality

Land Use

The total area[2] of the Bhadreswar computed on GIS Platform is 828 Ha or 8.28 sq. Km[3]. The different utilities and detailed features of Bhadreswar Land use were mapped in GIS and were broadly categorized in line with the UDPFI guidelines.

Table below shows Land use distribution of Bhadreswar.

Table 4: Land Use pattern in Bhadreswar

Land Categories	Area in Sq. Km	% of the Total area
Residential	3.60	43.5%
Commercial	0.04	0.53%
Agricultural	1.02	12.3%
Industrial	0.35	4.17%
Others	3.27	39.5%
Total Area	**8.28**	**100%**

Components falling under "Others" category comprise of following further categories which are presented in the table below:

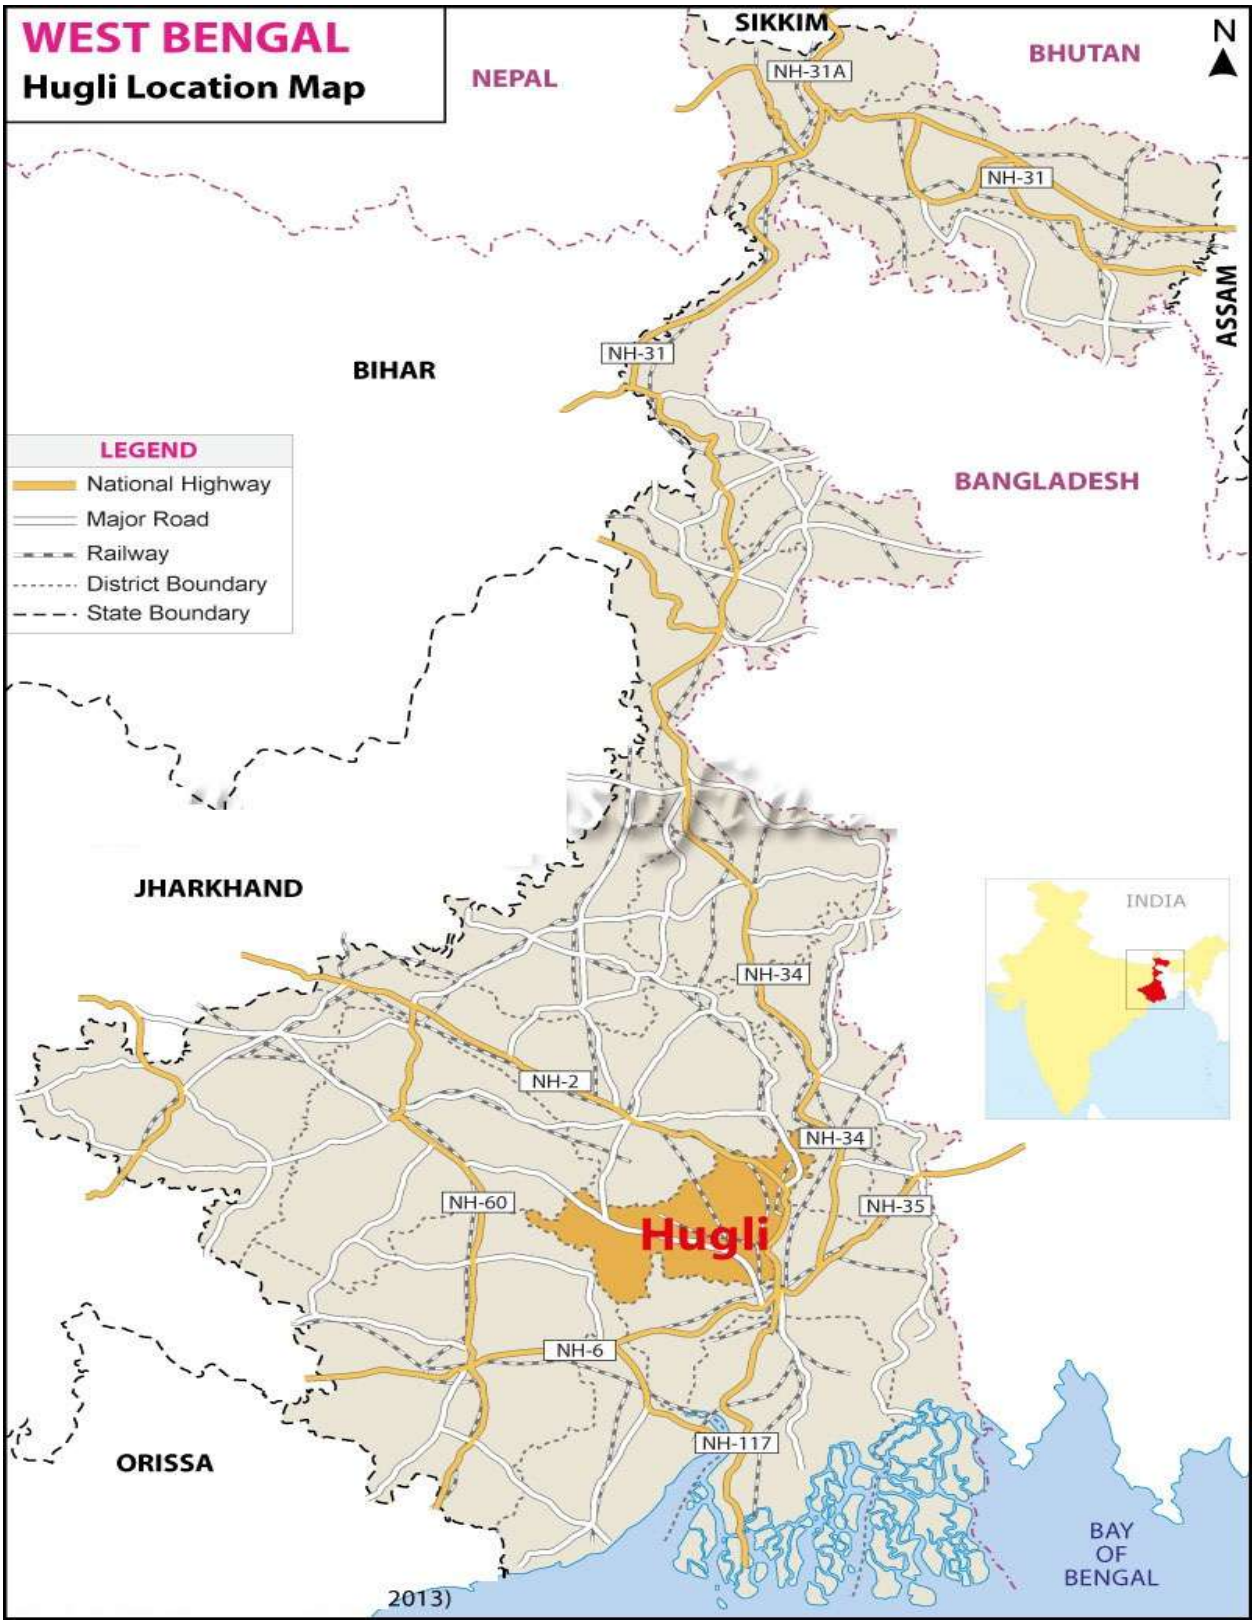
Table 5: Other Land categories

Land Categories	Area in Sq. Km	% of the Total area
Open Space	2.14	25.84%
Public Space	0.07	0.85%
Transport Area	0.54	6.52%
Waterbody	0.52	6.28%

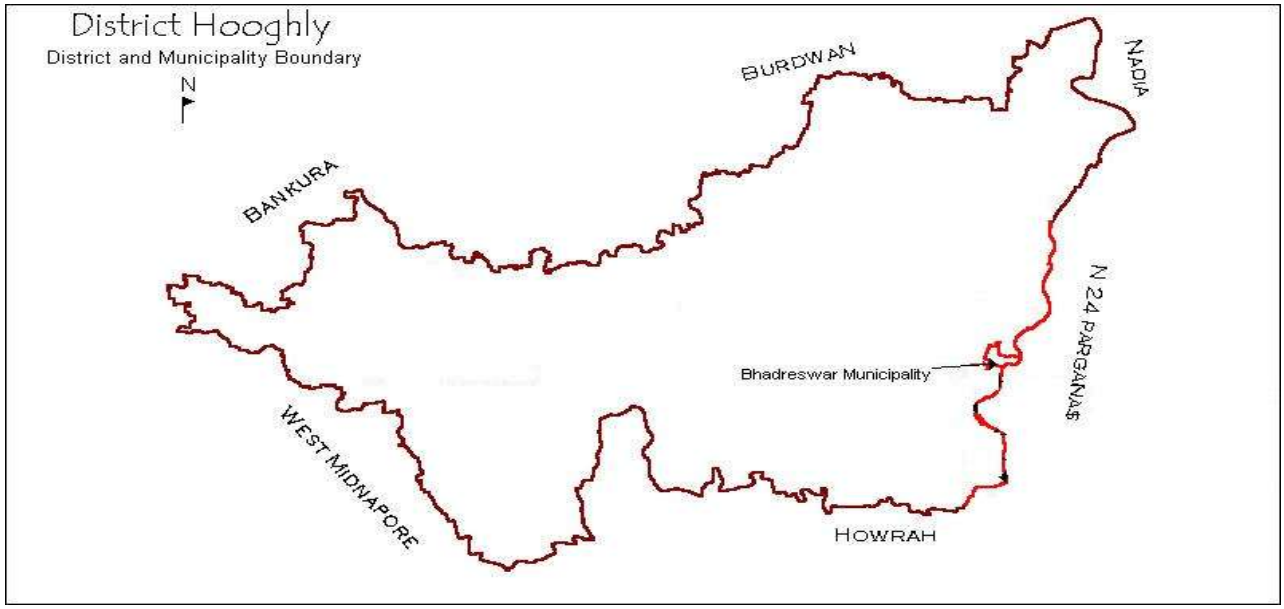
Land use pattern of Bhadreswar is broadly influenced by river Ganges, G.T Road and rail route and the proximity to Kolkata. As a result this main residential, commercial and public-semi-public areas are concentrated along the above. The agricultural and plantation areas are mostly concentrated towards the southern fringe areas.

Image below shows the land use characteristics of the Bhadreswar.

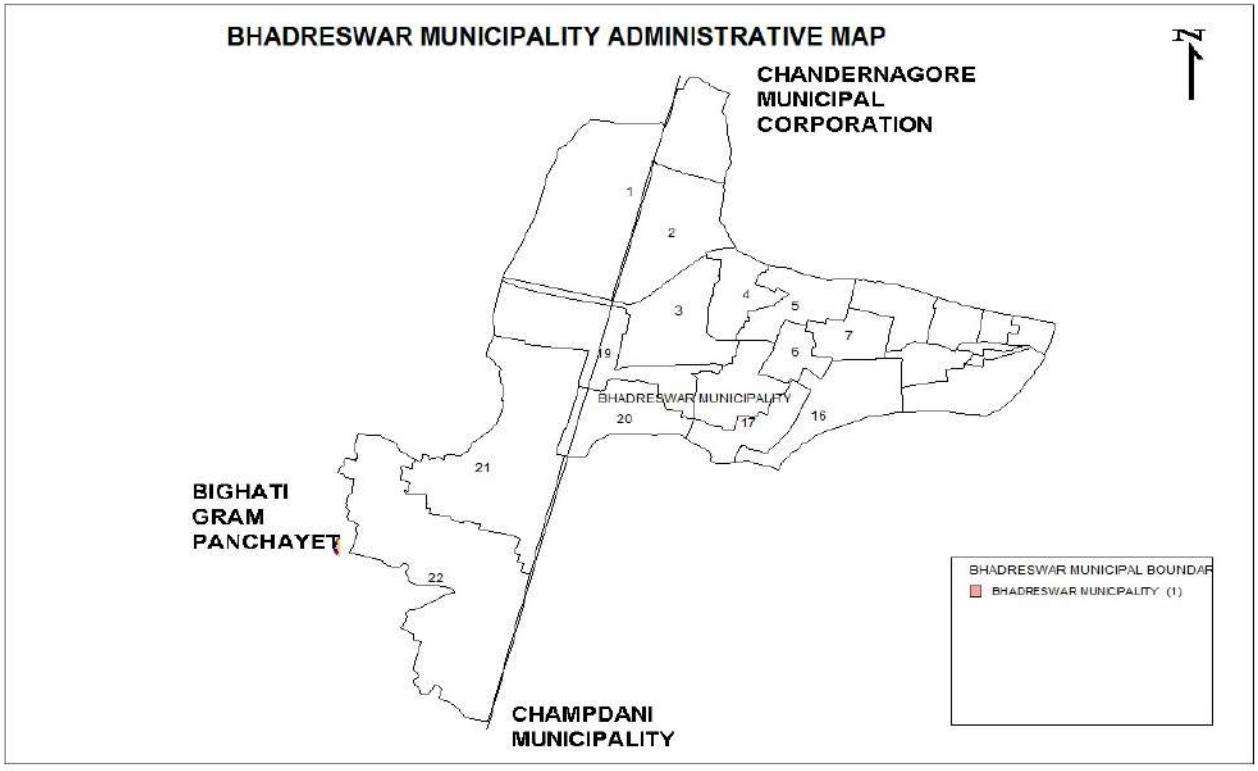
Location Map of Hooghly District in West Bengal:



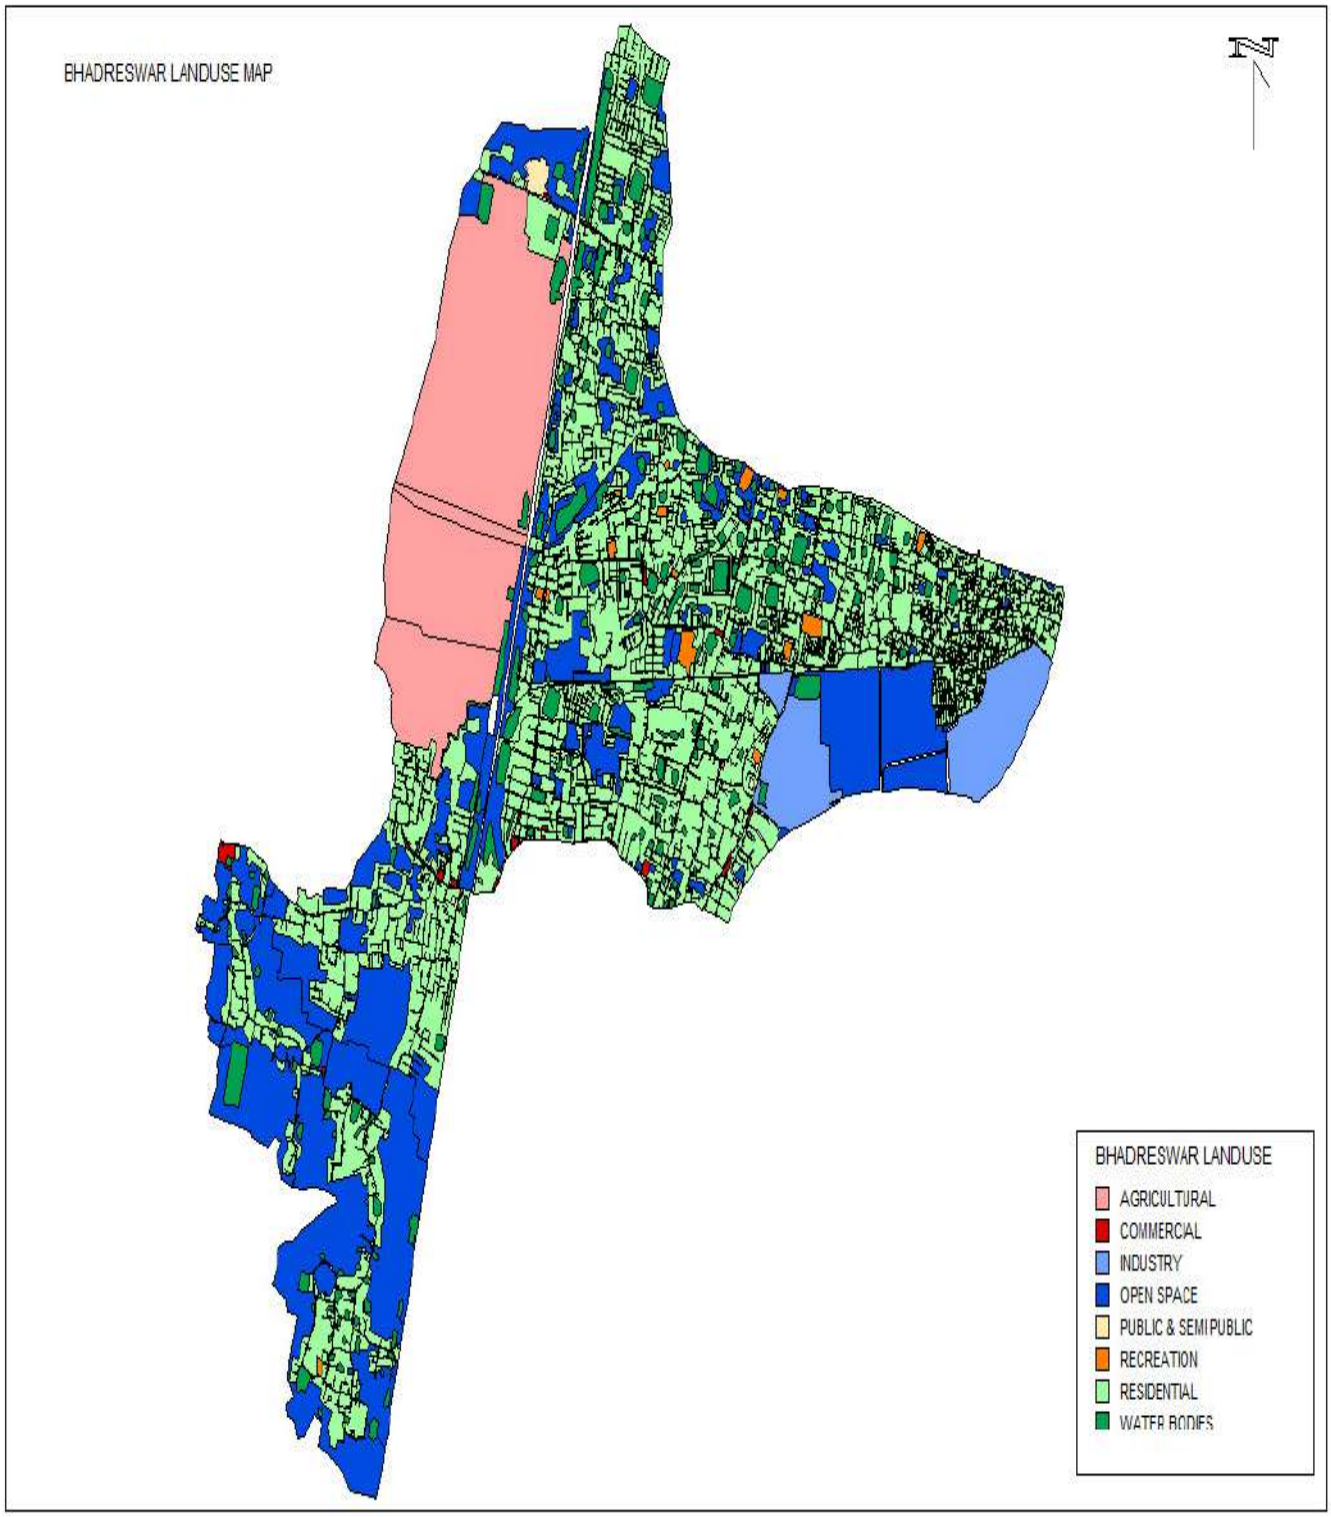
Location Map of Bhadreswar Municipality in Hooghly District:



Administrative Map of Bhadreswar Municipality:



Land use map of Bhadreswar



Housing Typologies

As on 2011, the population of Bhadreswar was 101477 of which number of people residing in slums are 51,694, which is about 51% of the total population. As per the socio economic survey undertaken as part of preparation of HFAPoA and validated by ULB and community, a total of 13054 households stay in slums. Out of 13054 household, 5663 household living in semi pucca/kuchha house. From present Demand Assessment survey for Housing for all (HFA), it is noticed that 2995 household covering under this project and all of them will be constructed through "Beneficiary-led-Construction". Under "Beneficiary-led-Construction" each beneficiary will get 1.5 lakh from central assistance.

Physical Infrastructure profile

Water Supply

This town is mostly serviced by ground water and a little bit of treated surface water from Serampore water treatment plant. Though the water supply network extends over most of the core city and peripheral areas, it does not meet consumer demand as only 38% of the households within municipal limits are covered with house connection.

The features of water supply in Bhadreswar is presented in the table below.

Table 6: Features for Water supply in Bhadreswar as on 2011

Water supply features	Quantity
Surface water + Ground water	11.2 MLD
No. of Deep Tube well	30 Nos.
No. of OHTs	5 Nos.
No. of Underground Reservoir	2 Nos
Distribution Line	138 km
No. of stand posts	598
No. of Hand pumps	209
Total no. of service connections	8843

Source: Municipality Database

In Bhadreswar Municipal area is a water supply likely to increase up to 15 MLD in 2025. People of this Municipality does not get water as water supply more than 10 hours a day.

Keeping in consideration of the above gap, Bhadreswar Municipality has taken up a 24x7 water supply project of 25 MLD in association with KMDA to improve the situation of this town under JNNURM.

Drainage and Sanitation

The total drainage network of Bhadreswar municipality is of 143.06 Kms which leads the water into three main drainage channels, namely, i) Ghungir Khal ii) Chandannagar ditch and iii) DVC Canal, which ultimately falls in River Ganges.

The contour map of Bhadreswar shows that it is elevated from river Ganges, as a result no flooding situation raises during rainy season. However Improper drainage system is a burning problem of Bhadreswar Municipality, which leads to water logging in some lower places every year during monsoons.

The sanitation system of the town is poor. The table below presents a service level standard of Bhadreswar in terms of coverage of the city with respect to sanitation and sewerage.

Table 7: Benchmarks: Sewerage and Sanitation in Bhadreswar as on 2011

Sewerage & Sanitation Services	Benchmark	National Average	Current Service Level Benchmarks in Bhadreswar
Toilet Coverage	100%	85.8	67%
Sewerage network coverage	100%	48.5	0%
Waste water collection efficiency	100%	41.9	0%
Wastewater treatment adequacy	100%	48.8	0%
Quality of wastewater treatment	100%	58.8	0%
Extent of reuse & recycling of treated MSW	20%	6.8	0%
Cost recovery - waste water	100%	38.3	0%
Collection efficiency	90%	42.5	0%
Complaints redressal	80%	76.4	0%

Source: MoUD, GoI and Bhadreswar Municipality

Above table clearly shows though toilet coverage of the town is reasonably good, but lot of interventions are required to improve sanitation and sewerage facilities as there is no household level drainage facility leading to unhygienic environment in slums.

Solid Waste Management

Solid Waste Management in Bhadreswar Municipality is not as per MSW (Management and handling) rules 2000. Garbage is being collected from door to door by tricycle van from all wards and stored temporarily in the nearby vat points (primary collection center) managed by Municipality. There is also lack of on time collection and disposal to the existing dumping ground at ward no. 3, which causes dumping in drains and spread of foul odour in the primary disposal point.

Road Coverage and Condition

Road network in Bhadreswar has grown to a total of 103.52 km. While more than 35% of roads are black topped and concrete, around 16% of the road network is still katcha road and 49.5% is brick Roads. Most of the existing arterial roads are narrow with two lane carriageways and needs to be widened to cater for the increasing vehicular traffic

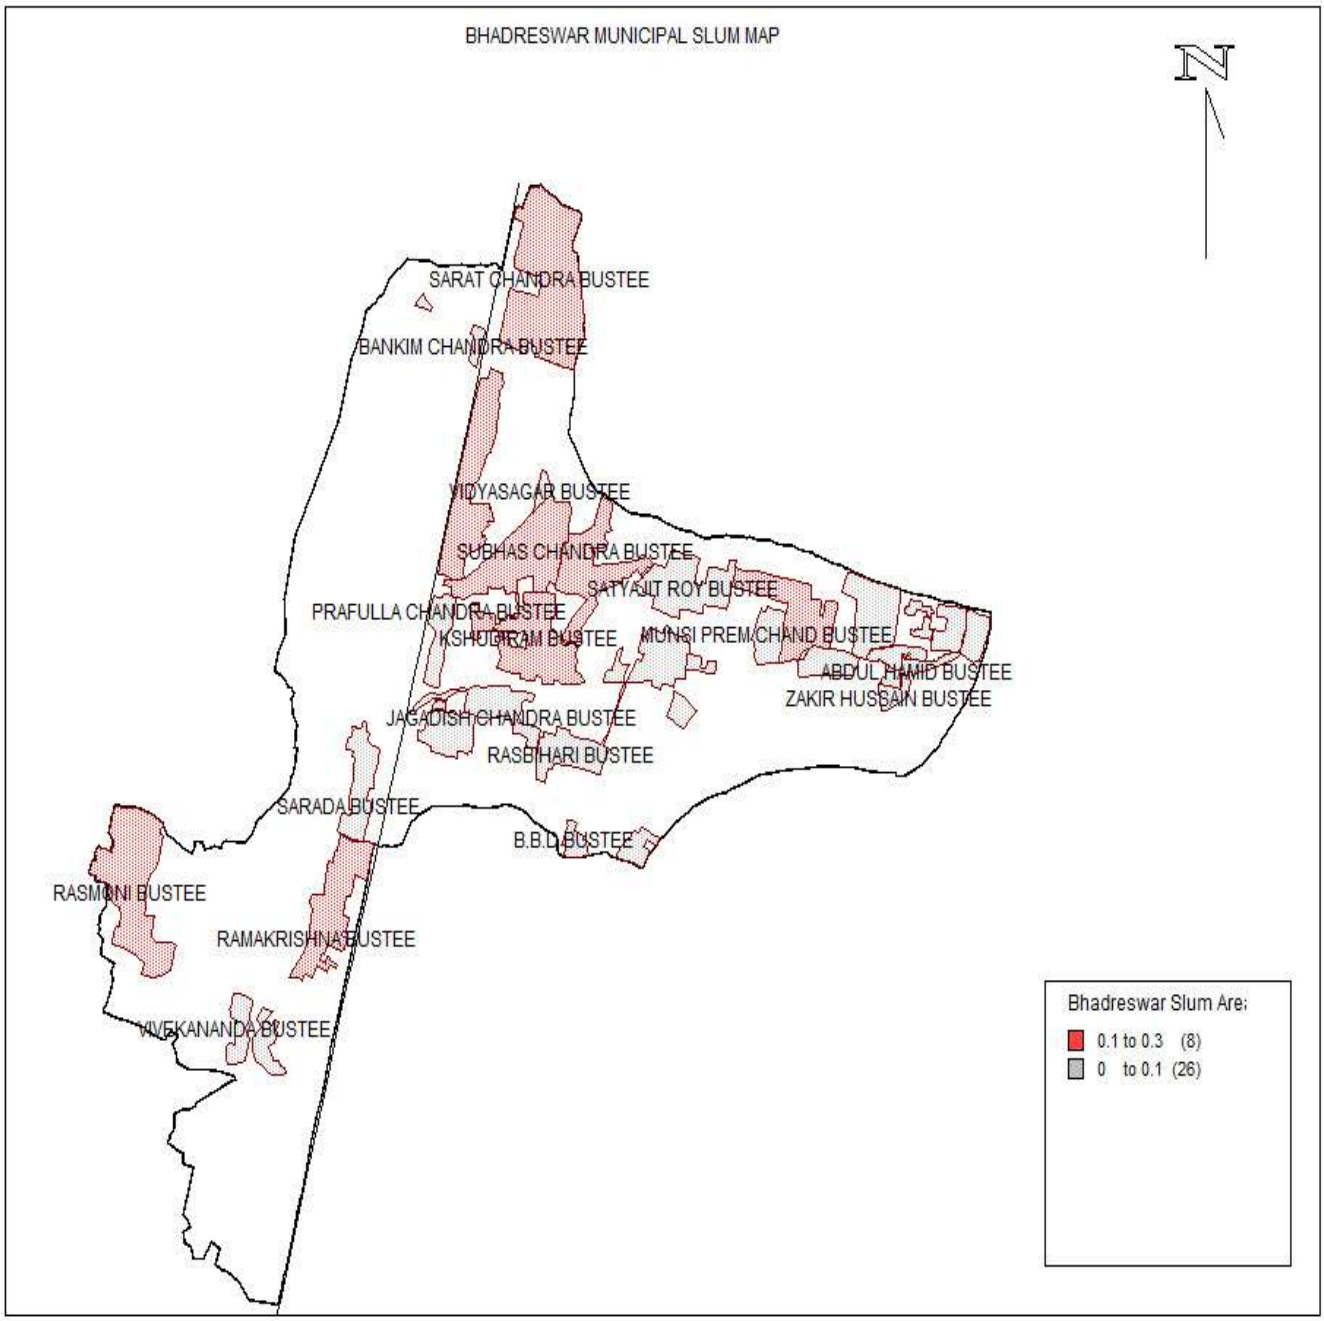
1.5. ASSESSMENT OF PRESENT STATUS OF SLUMS

With an objective to formulate appropriate Slum Development Model for each of the slums, availability of latest and reliable baseline data on all the slums is instrumental. This baseline data encompassing indicators including socio-economic, geographical/spatial, physical etc. shall help develop an overall portrait of the slums in Bhadreswar. This shall help in identifying development need for slums and formulating slum specific development strategies.

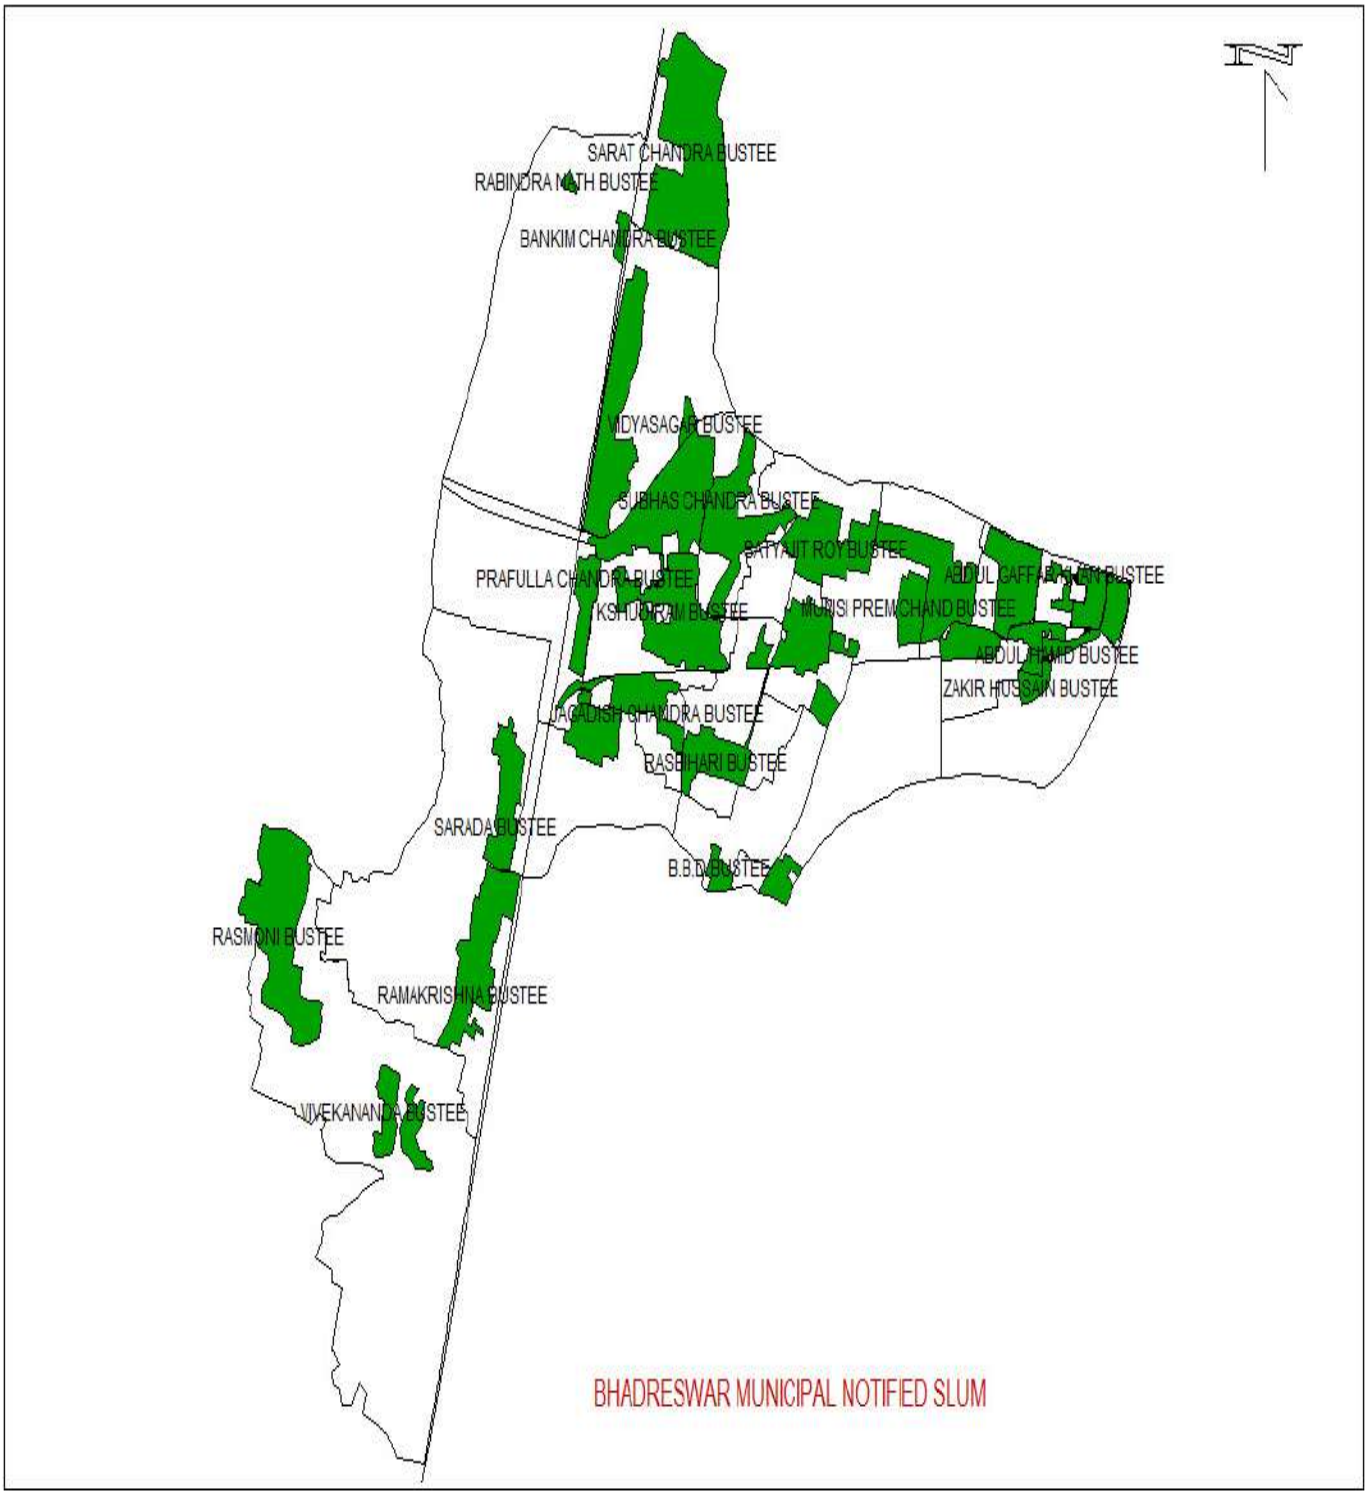
As on September 2015, Bhadreswar had a total of 34 slums spread across all the 22 wards of the municipality. The total no. of households as per census 2011 in Bhadreswar is 23233 of which number of households residing in slums are 13054, which is about 56% of the total population. Out of 13054 household, 5663 household living in semi pucca house / kuchha house.

Following maps show the location and status (notified/non-notified) of all the 34 slums in Bhadreswar.

Slum pockets with municipal boundary



Status of slums in Bhadreswar



Ward wise slum households nos are presented in the table below:

Table 8: Ward wise slum households in Bhadreswar

Ward No.	No. of Slums in Ward	No. of HHs in slum	% of total HHs	
			Slum	Bhadreswar
1	3	875	6.7	3.8

22	3	562	4.3	2.4
Total	**34**	**13054**		

Source: USHA Survey and MIS data validation report

- Maximum concentration of hhds in slums has been observed in ward no. 1, 3, 7, 10, 13 and 21,with sum of their share of slum hhds to total municipal hhds (23233 Nos as per census 2011) recording around 23.7%. Again 42.2% is sum of the share of slum hhds to total slum hhds of those wards.
- Similarly minimum concentration of households is observed in another six wards (2, 14, 17, 18, 19 and 20). .

Table below represents ward wise distribution of all the slums along with their ownership status.

As can be observed

- Bhadreswar has uneven distribution of slums in its 22 wards. There are 3 nos of slums in 2 wards each, 8 wards having 2 nos. of slums each, while, in 12 wards, each ward have only 1 slum.

- All of the 34 nos of slums are notified.. Distribution of Slums based on status, population and area is provided in Annexure B-1.

1.5.1. Slum Profile and its Location

Slum status as per Location

Location wise analysis shows that 24 notified slums are situated in core area[4] of the municipality. Remaining 10 notified slums are situated in fringe area[5] of the city.

Going by location of slums ward-wise, it is observed that all the slums located in 15 wards (2, 4, 5, 6, 7, 8, 9, 11, 12, 13, 15, 16, 17, 18 and 20) are under core area, whereas, slums under another 4 wards (1, 10, 14, and 19) are completely under fringe area. Rest of the 3 wards (3, 21 and 22) have slums under both core and fringe area. Status of Slums in Bhadreswar as per Location has been presented in the table below:

Table 13: Status of Slums in Bhadreswar as Per Location

Status of Slums	Core Area				Fringe Area				Slum Population in % terms of total population of slums	Slum HHs in % terms of total number of slum HHs
	No. of Slums	No. of HHs	No. of Persons	Area (Sq. Km)	No. of Slums	No. of HHs	No. of Persons	Area (Sq. Km)		
Notified	24	9592	43270	1.2	10	3462	15010	0.89	57.43%	56.19%

Source: USHA Survey and MIS data validation report

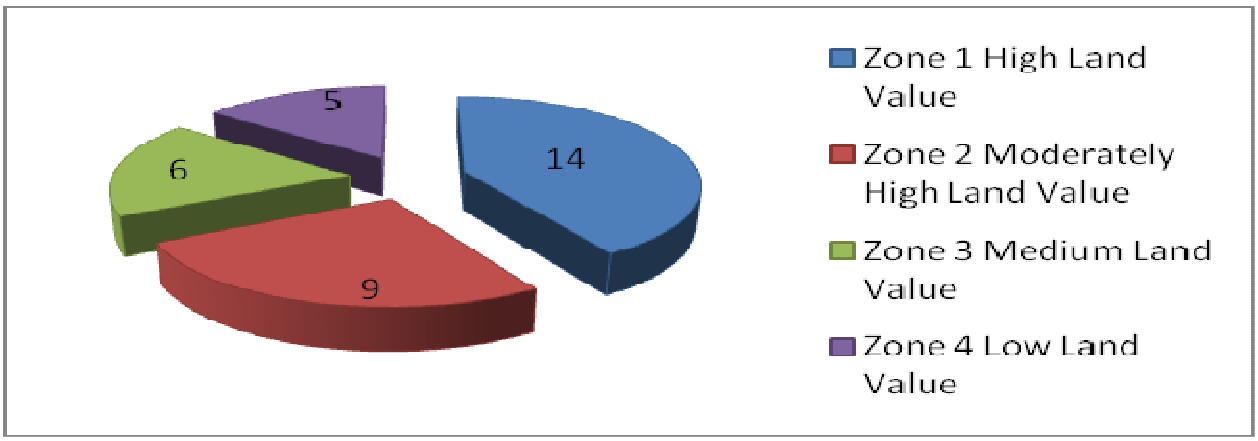
- Total area under slums is 2.09 sq. km which excluding[6] vacant land, water bodies falling under slums
- Total area under slums in Bhadreswar constitutes 25.24% of the total area of the city with maximum concentration of slums in the core area of city capturing 14.5% of total area of Bhadreswar.
- Around 70.6% of total slums are located in the core area of the city with total area of the slums coming under that area accounting for around 57.4% of the total slum area of Bhadreswar.

Land Value Analysis

Based on information on land values at different areas of Bhadreswar received from West Bengal Valuation Board (WBVB), all the slums[7] have been categorized into four zones in order of increasing market value. The zones are: i) Z1 (High), ii) Z2 (Moderately High), iii) Z3 (medium) and iv) Z4 (Low). (Refer annexure B-4 for land values in four zones)

Distribution of slums in the four zones has been presented in the figure 2 and image below.

Figure 2: Number of Slums across four zones



It is observed from the image that

- Majority of slums located in the municipality have relatively higher land value zone (Z1 and Z2). This is primarily attributed to the urban characteristics of this part of the municipality.

Household Density

Based on demographic analysis for 34 slums, it is found that 8 slums (23.5% of all slums) have high density of more than 200 households per Hectare and 9 slums (26.5% of all slums) have density ranging between 100 – 200 households per Hectare whereas 6 slums (17.6% of all slums) have medium density ranging between 50 – 100 households per Hectare and remaining 11 slums (32.4% of all slums) have low density i.e. less than 50 households per Hectare.

Table below shows slum-wise HHs and Population distribution with respect to HHs density per Hectare.

Table 15: Ward Wise Population density of slums

Source: USHA Survey and MIS data validation report

Table above shows ward-wise distribution of slums in terms of household density[8]. and it is observed that maximum concentration in terms of household density is visible in slums located in ward nos. 1, 7, 10, 11, 12, 15 and 17. On the contrary, minimum concentration in terms of population density is observed in slums located in ward nos. 2, 3, 8, 18, 19, 20, 21 and 22 etc.

[8] The table captures household density per hectare

Land Tenure Status

Security of tenure was assessed on the basis of slum households having patta and possession certificates.

Table 16: Indicator for assessing security of tenure

No.	Indicators	Score	
		1	2
1.	**Land Tenure:** Percentage of Households with Patta & Possession Certificate / Occupancy Right	More than 90	Less than equal to 90

Source: USHA Survey and MIS data validation report

Table below shows the status of land tenure in all slums of Bhadreswar.

Table 17: Distribution of Slum based on Tenure Status

Sl No.	HHs Tenure Status	Number of HHs	% of the total slum HHs
1.	With Patta	0	0%
2.	Possession Certificate	4646	35.6%
3.	Occupancy Right	8408	64.4%
	Total	**13054**	

Source: USHA Survey and MIS data validation report

Key observations from the above table are:

- Majority of slum dwellers of Bhadreswar enjoy secured tenure status. More than 90% households hold possession certificate/occopancy right with them.

1.5.2. SUMMARY OF FINDINGS OF DEMAND SURVEY

Housing for All (HFA) Scheme has since been launched by the Ministry of Housing & Urban Poverty Alleviation (MoHUPA), Govt. of India in Mission mode which envisages provision of Housing for All by 2022 when the Nation completes 75 years of its Independence. The Mission seeks to address the housing requirement of urban poor including slum dwellers through following programme verticals:

a) Redevelopment of slums with private participation
b) Promotion of affordable Housing for weaker section through credit linked subsidy
c) Affordable Housing in partnership with public sectors
d) Subsidy for beneficiary-led individual house construction.

In compliance with the objective and as per direction of the Ministry of Housing & Urban Poverty Alleviation (MoHUPA) and State Urban Development agency(SUDA), West Bengal was undertake a demand survey through suitable means for accessing the actual demand of housing. For this mission Bhadreswar Municipality undertook Demand survey on 17.09.2015 and completed the survey on 10.10.2015.From this survey, different information have been collected. Summary of findings of survey have been given below:

Table 18: Distribution of family heads of the slum

				Total	**2995**

Source ; Demand survey,2015

From the above table, it is noticed that out of total 2995 households incorporated in the scheme, no households require enhancement of house and all the 2995 household opted for new construction. Ward-wise as well as slum wise details are given in the table.

In summarizing the HFAPoA of Bhadreswar Municipality, the ULB takes only one vertical for implementation of the project i.e. "Beneficiary –led – construction". For this project, Bhadreswar Municipality conducted Demand Assessment survey in Format B for getting total requirement of houses in the ULB. From this survey, the total survey forms (Format B) received 2995 Nos. from 34 slums and no non slum area is concerned. All of 2995 houses will be constructed through "Beneficiary-led-Construction".

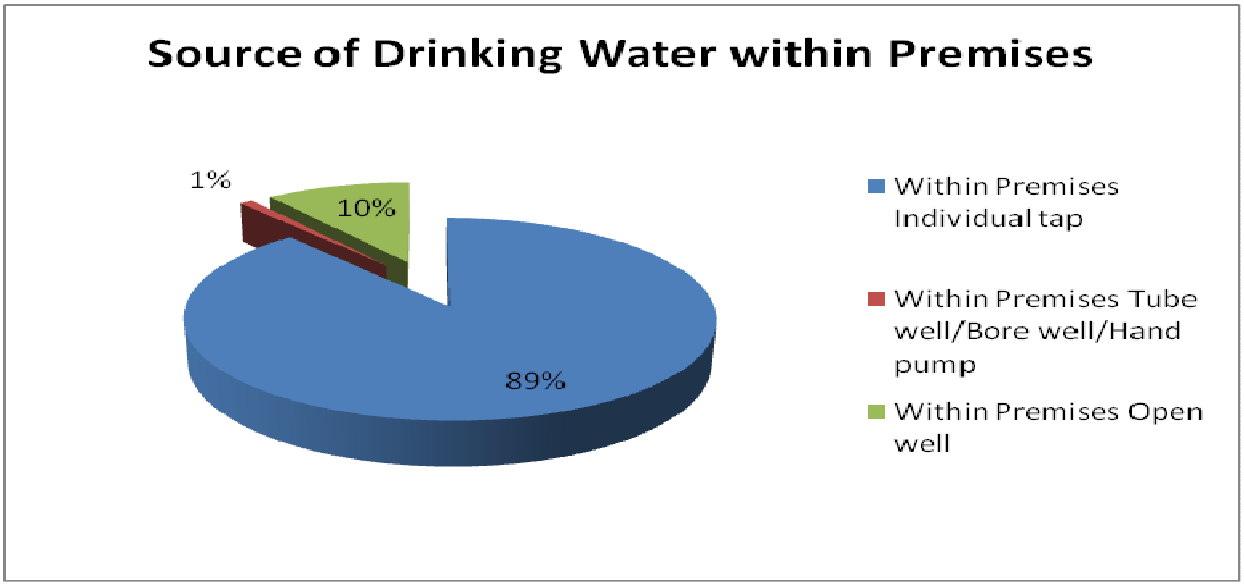
1.5.3. Broad infrastructure status in slum areas

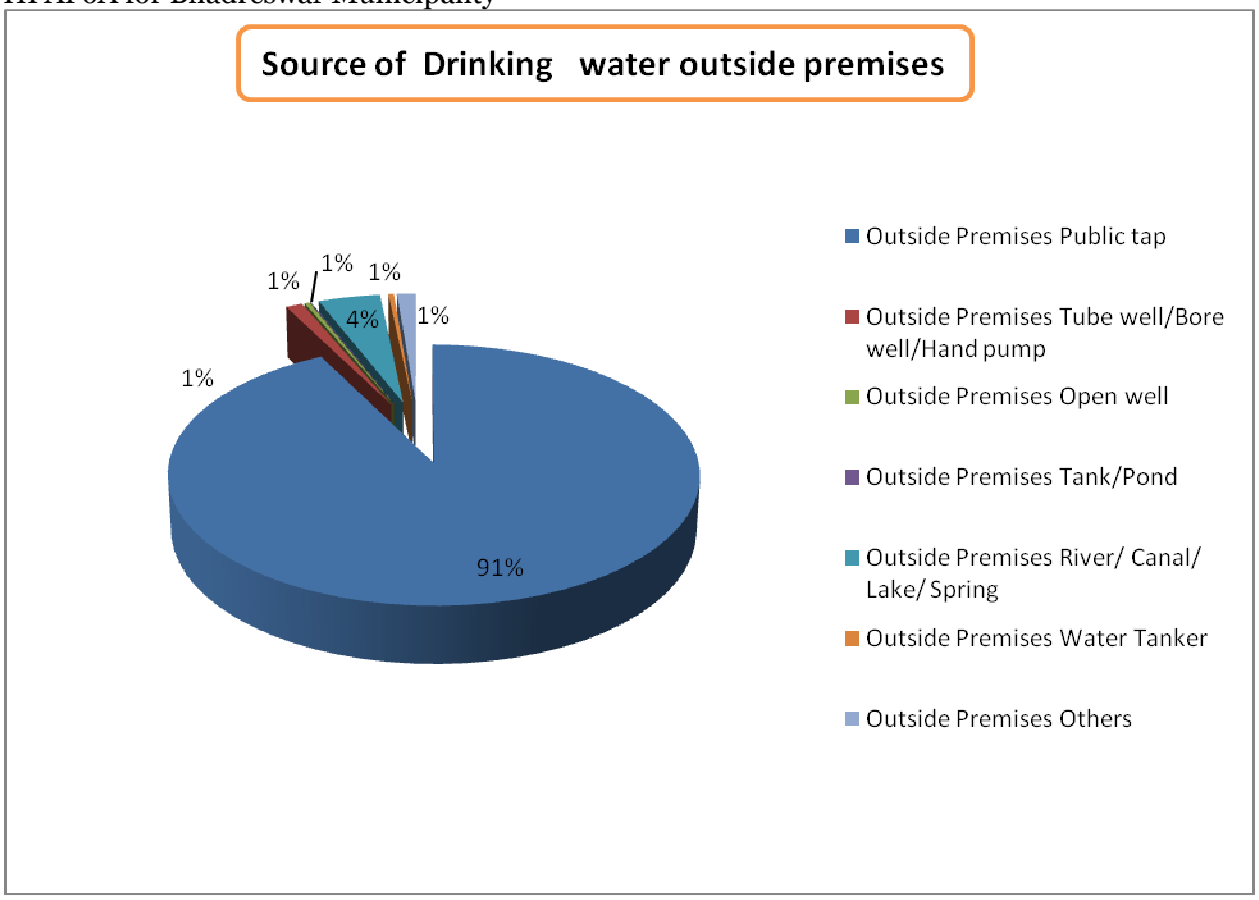
Status of all 34 slums is detailed below:

Water

Slum households in Bhadreswar have limited access to water connection inside their premises.

Figure below shows the following





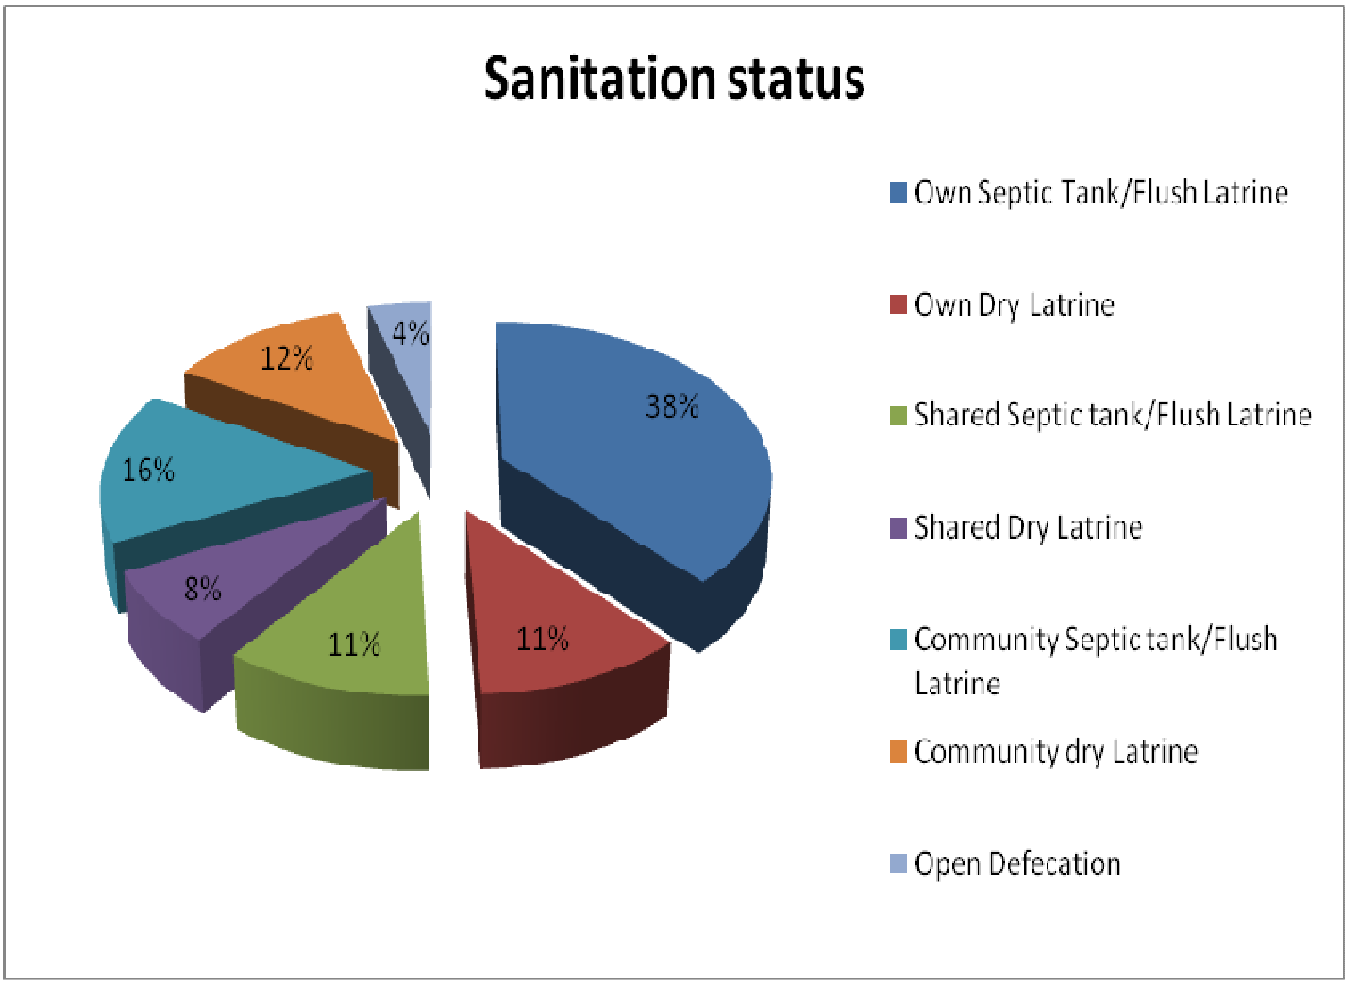
- More than 55% of total slum households have drinking water within premises out of which 89% using individual tap and 10% using open well and rest using tube well.

- Another 45% of slum households depend on source of drinking water outside premises. Out of which 91% depends on public tap and rest on other different sources.

Sanitation

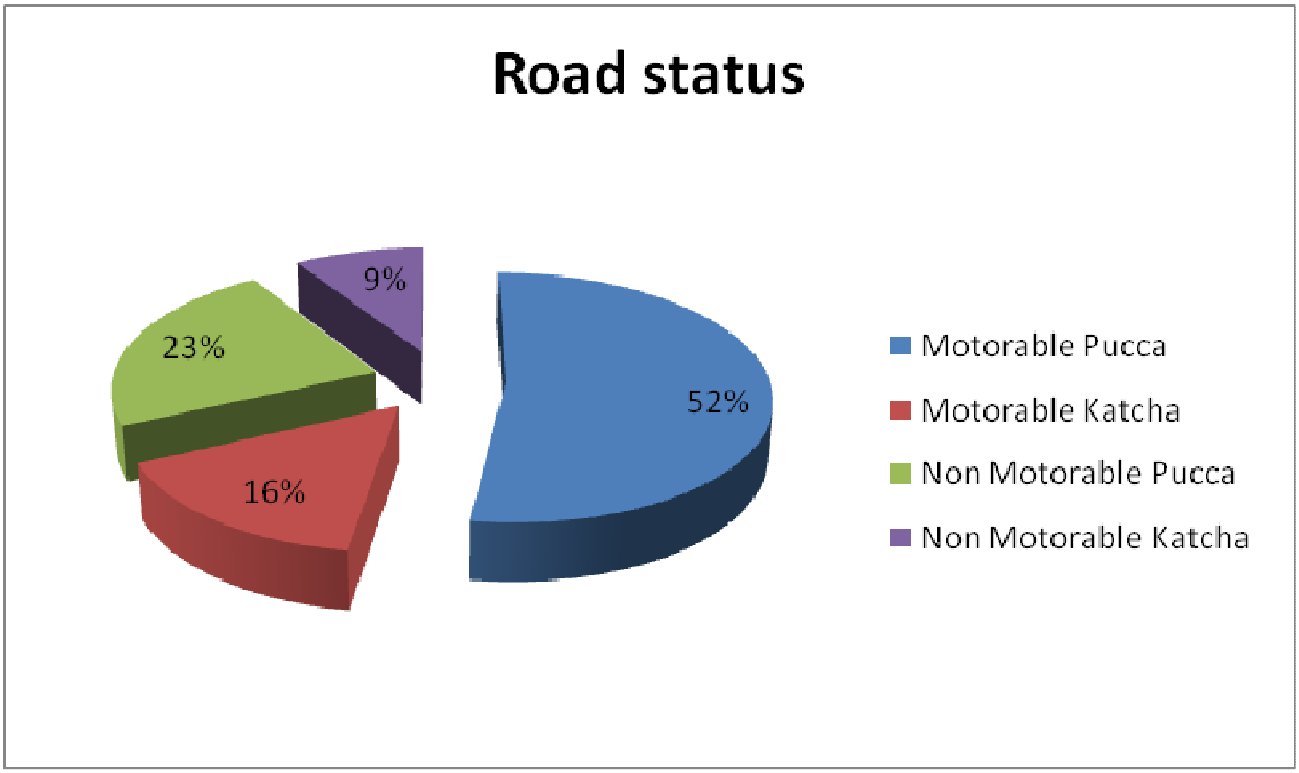
In terms of access to sanitation facility, 49% households have latrine facility inside their houses out of which 38% is septic tank latrine and 11% are dry latrine, whereas 19% households share latrine with others. Figure below shows Bhadreswar has 28 % exposure to public/community latrine facilities in slums 4% households still resort to open defecation.

Figure below shows access to sanitation facilities in slums of Bhadreswar.



Roads:

Accessibility to roads is an important parameter for development of slums. From the figure alongside, following key things can be ascertained



- About 52% households in slums have access to motorable (pucca) road and another 23% households to non-motorable pucca road.

- Rest of the households have access to katcha road, of which around 16% households have motorable katcha road facility and rest have access to katcha road, but non-motorable.

1.6. TENABILITY ANALYSIS

Having assessed the status of slums with respect to physical location and land use characteristics, all 34 listed slums in Bhadreswar Municipality are analysed with regard to their tenability in order to determine prioritization of slums and slum development options i.e. whether planned service provision will be undertaken through in-situ up-gradation /redevelopment or resettlement. The objective of this exercise is to classify slums as Tenable or Untenable and any slums which are classified as Semi-Tenable were further analysed to classify them as Tenable or Untenable.HFA guidelines prescribe the following criteria for classifying the slums as tenable, semi-tenable or un-tenable are provided in the box below:

Tenable Slums:

1. All slum pockets located on non-objectionable and non-hazardous sites as obtained from NBO formats.
2. As per "Model Property Rights to Slum Dwellers Act, 2011"- All slums settlements which do not fall within the definition of untenable settlements are considered as tenable and fit for in-situ redevelopment / improvement.

Semi Tenable Slums

All slum pockets located on sites which are earmarked for non-residential uses as per Master Plan are categorized as semi-tenable for further analysis and review. Finally, the semi tenable slums are either is categorized as Tenable or Untenable.

Untenable Slums

(i) As per NBO format, slum pockets in the following locations may be considered as untenable
Major storm water drains, Other drains, Railway line, Major transport alignment, River or water bodies Bank , River or water bodies Bed and others (hazardous or objectionable) including high tension lines.
However, slums on other drains may be examined for being included in the category of semi tenable or tenable
Slums depending on the exact location of the slum and the possibility of in---situ development through sustainable engineering solutions
(ii) As per "Model Property Rights to Slum Dwellers Act, 2011"
Those settlements which are on environmentally hazardous sites, ecologically sensitive areas, prohibited areas around heritage sites and land marked for public spaces, utilities, services and infrastructure.

Analyzing the above principals, it is observed that out of 34 slums, certain pocket of 2 slums may need to be relocated due to their proximity to railway tracks. However, such partial relocation is achievable on account of low density of slum and availability of adequate land within the slum.

In addition, the tenability of slum was assessed on the following parameters

- **Land Use:** Bhadreswar municipality has a Land Use and Development Control Plan (LUDCP) which prescribes the mixed land use characteristics for all the four identified development control zones. Looking into the mixed land use, location of the slums in Bhadreswar is in conformity with the proposed land use.

- **Flooding:** No slum out of 34 slums is prone to flood for more than 15 days and can be made tenable through sustainable engineering solutions like proper drainage system.

Accordingly, all the 34 slums in Bhadreswar are considered to be untenable.

2. ASSESSMENT OF EXISTING HOUSING SHORTAGE

2.1 EXISTING HOUSING SHORTAGE

Housing Shortage with regard to the Bhadreswar Municipality has been analysed on the basis of information available through Demand Assessment survey, Census Records, consultation workshops, State level and National level reports and policies.

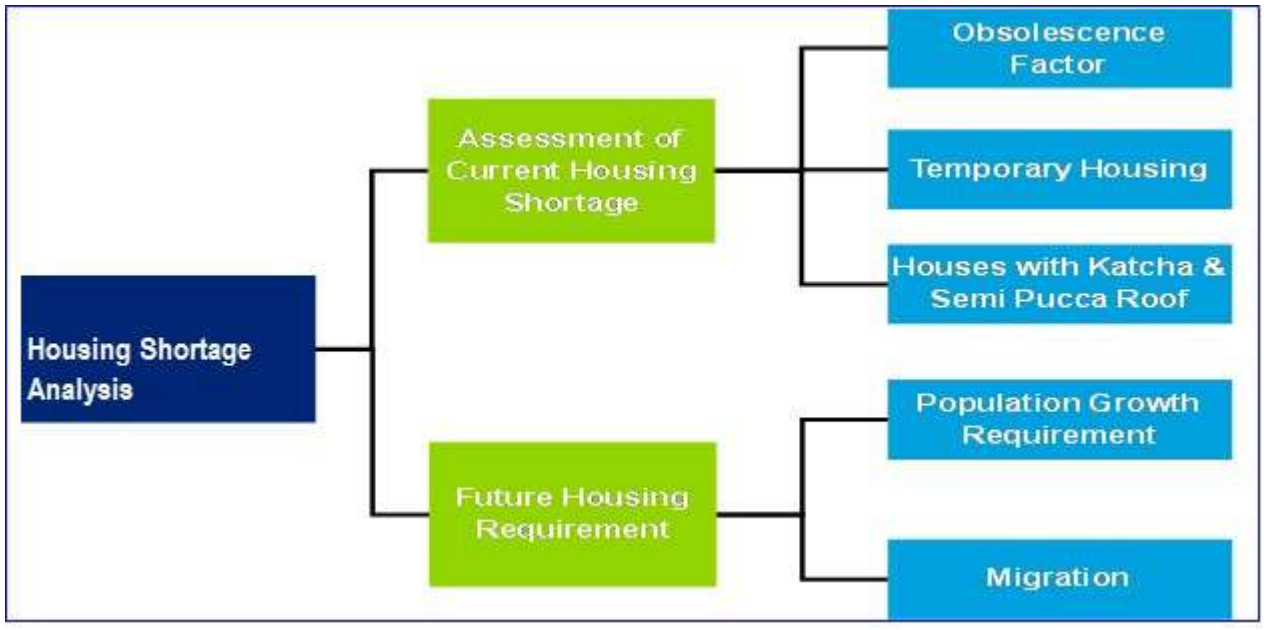
As prescribed by HFA Guidelines the housing shortage is analysed as followes:

The housing shortage or deficiency for the existing slums is worked out at 2995 units and is summarised in the following table:

Table 23: Housing Shortage Analysis

Sl. No.	Structure of the House	Number of Units
I.	Construction of Semi-Pucca House to Pucca Houses	2893
II.	Construction of Kuchha house to Pucca Houses	57
III.	Other Houses	45
	Total	**2995**

Figure: 7 :Housing Shortage Analysis



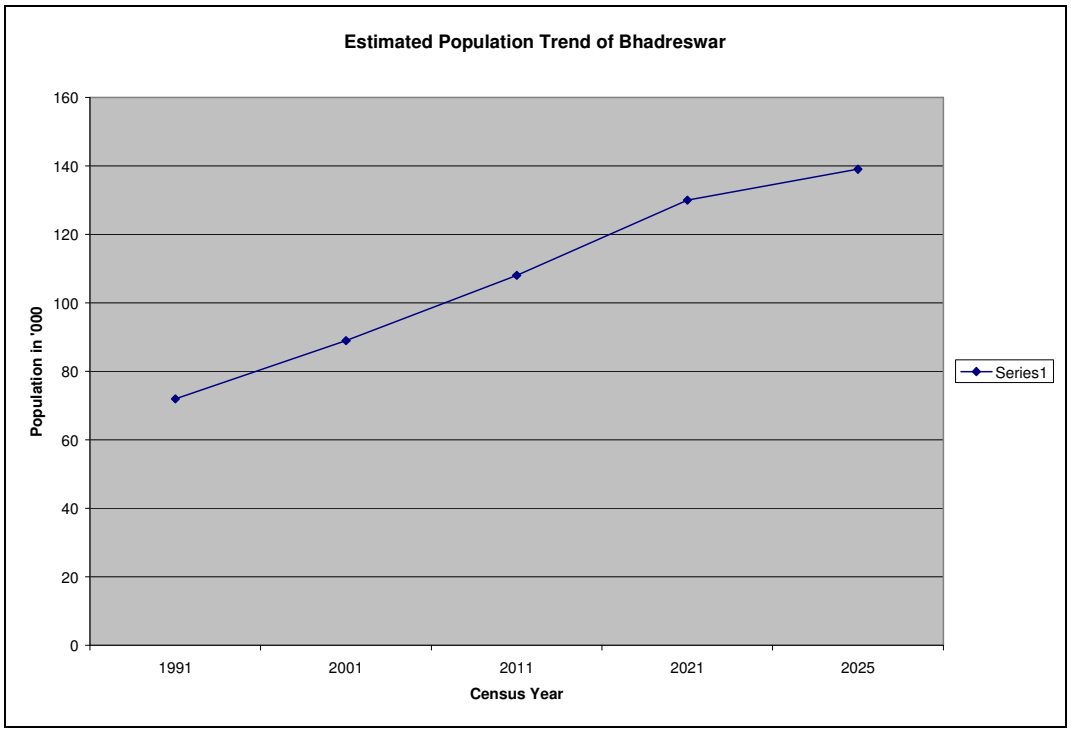
2.2 LIKELY FUTURE HOUSING REQUIREMENT

The future housing requirement is calculated to address the requirement due to increased population and migration till the year 2025.

I. Future Housing Demand:

The population for Bhadreswar till year 2025 is projected as follows:

Estimated population trend line for Bhadreswar

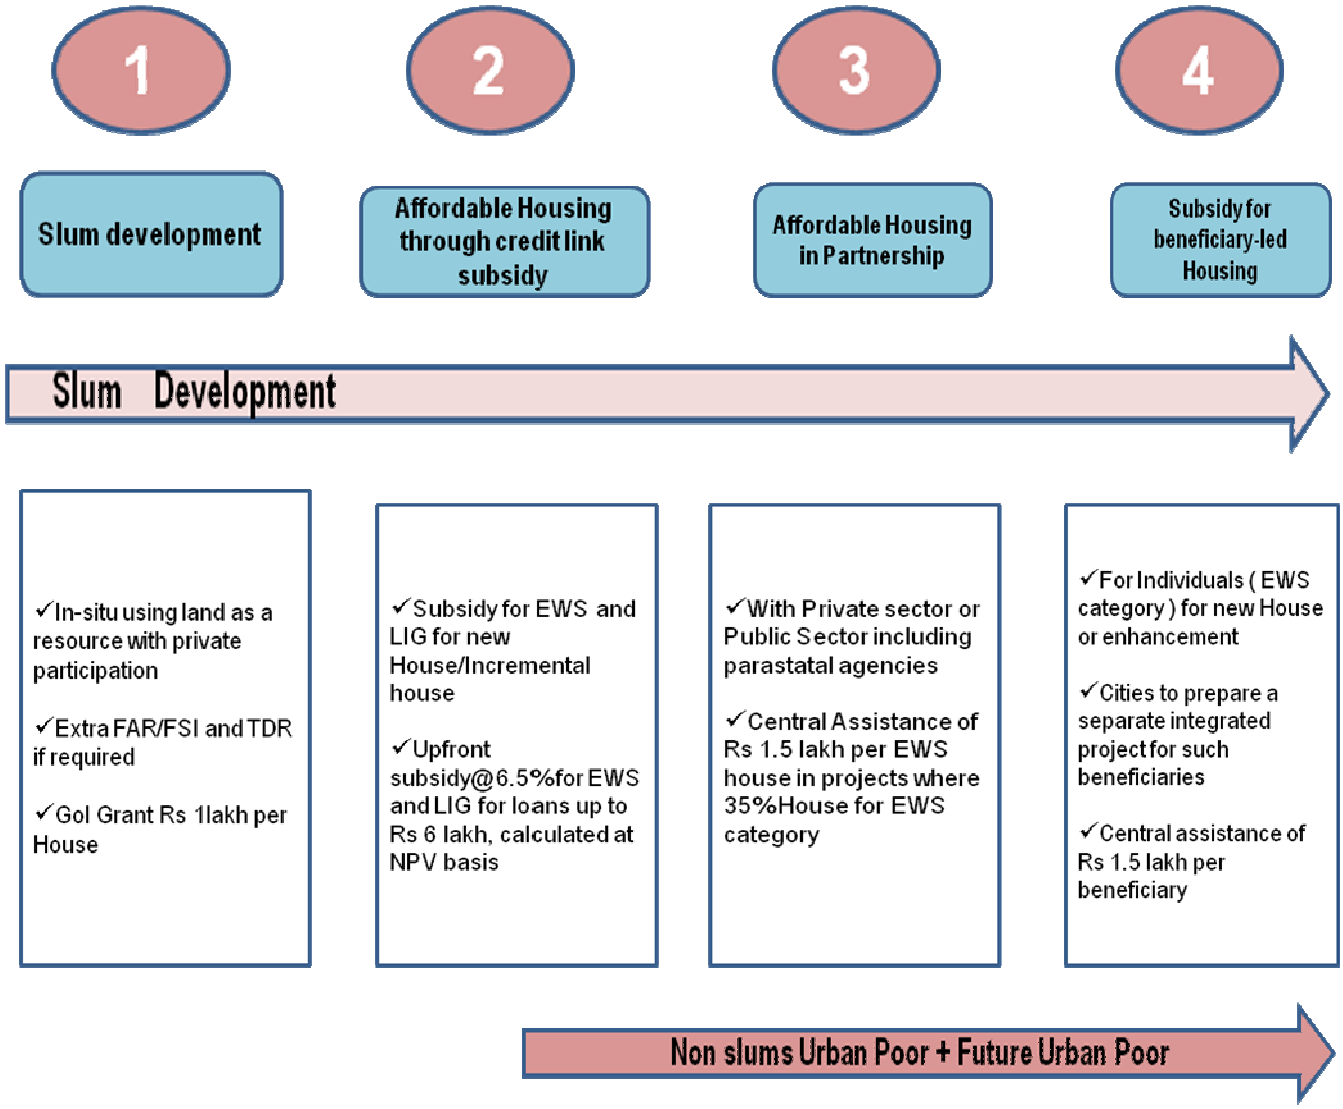


Source: Perspective Plan of CMA 2025

3. IDENTIFICATION OF FOUR OPTIONS AVAILABLE UNDER MISSION

The Mission will be implemented through four verticals giving option to beneficiaries, ULBs and State Governments. These four verticals are as below:

Figure 8: Four Implementation verticals



In respect of Bhadreswar Municipality, Munnicipality takes only one vertical i.e. "Beneficiary led construction". From present Demand Assessment survey for Housing for all (HFA), it is noticed that 2995 household covering under this project which are all constructed through "Beneficiary-led-Construction". Under "Beneficiary-led-Construction" each beneficiary will get 1.5 lakh from central assistance.

1. INTERVENTION PLAN AND CENTRAL ASSISTANCE

In Intervention Plan, Bhadreswar Municipality takes only one vertical i.e. "Beneficiary led construction". From present Demand Assessment survey for Housing for all (HFA), it is noticed that 2995 household covering under this project will be constructed through "Beneficiary-led-Construction". Under "Beneficiary-led-Construction" each beneficiary will get 1.5 lakh from central assistance.

Details of central assistance is given in the following tables:

Table 25: Year - wise Proposed Interventions in Slums

III. Year - wise Proposed Interventions in Slums

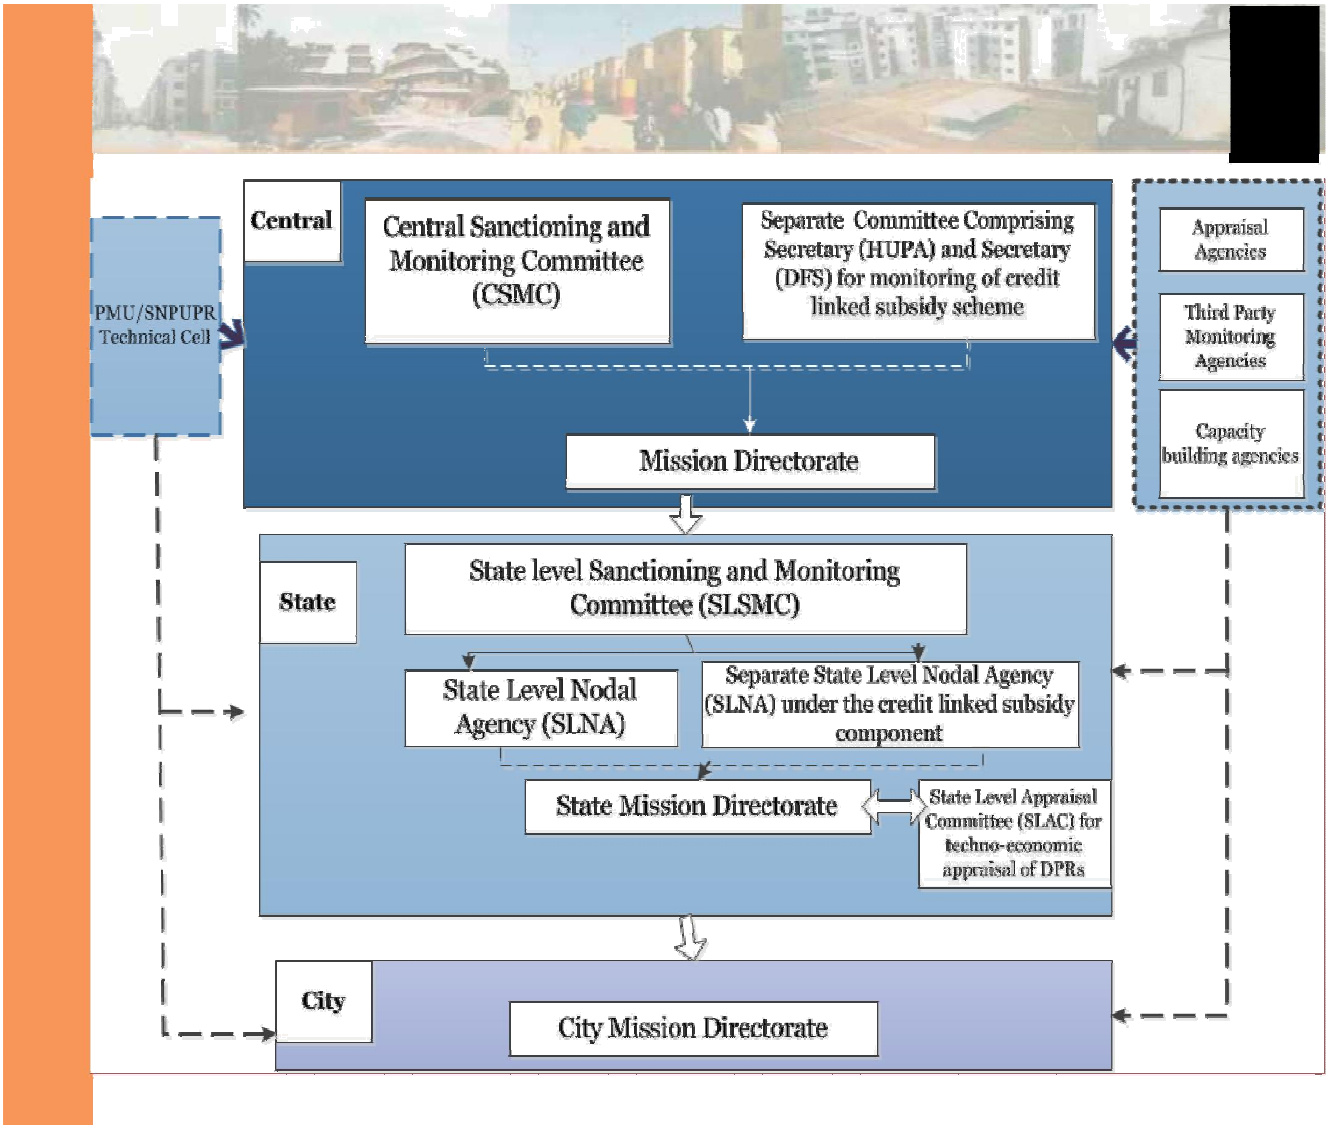
2. INSTITUTIONAL ARRANGEMENTS FOR IMPLEMENTATION OF DEVELOPMENT OPTIONS

The institutional arrangement of the mission is describe in below

Figure 9: Institutional Mechanism:



Roles and responsibilities of the Institutions:

Central Sanctioning and Monitoring Committee (CSMC)

- An inter-ministerial committee under Chairpersonship of Secretary (HUPA) for implementation of the Mission, approvals there under and monitoring.

Indicative Functions of CSMC

- Overall review and Monitoring of the Mission
- Assessing resource requirement based on HFAPoA and AIP submitted by States/UTs
- Approval of central releases under various components of the Mission
- Approval of Capacity Building Plans of States/UTs
- Devising financial and other norms for various activities undertaken as part of the Mission
- Approval of Annual Quality Monitoring Plans, Social Audit plans etc.
- Any other important issues required for implementation of the Mission.

State Level Sanctioning and Monitoring Committee (SLSMC)

Indicative functions of SLSMC

- Approval of Housing for All Plan of Action (HFAPoA)
- Approval of Annual Implementation Plan
- Approval of DPRs under various components of the Mission
- Approval of Annual Quality Monitoring Plans
- Reviewing progress of approved projects in the State and cities
- Monitoring of implementation of Mission
- Any other issues required for effective implementation of the Mission.

Bhadreswar Municipality

Bhadreswar Municipality shall be the nodal agency for implementation of HFAPoA and has set up a robust administrative structure for implementation. The roles and responsibilities of the key stakeholder are as follows:

I. **HFA Nodal Officer:** A.E (BSUP) of Bhadreswar Municipality has been designated as the HFA Nodal Officer, demonstrating the commitment and willingness of Bhadreswar Municipality to implement the HFAPoA

II. **HFA Working Group:** Bhadreswar Municipality has created a HFA working group with departmental heads of all key departments including PWD, Revenue, Health, Water Works, Sanitary, Planning, and BSUP. The working group was instrumental in preparing the HFAPoA and going forward will be responsible for the implementation of HFAPoA.

III. **Slum level federation at city level and slum dweller association at slum level:** Bhadreswar Municipality has two CDS covering 22 wards and plan to establish a slum level federation at city level and slum dweller association at slum level for smooth implementation of HFA and ensuring that the detailed project reports are prepared in consultation with the community. The slum dweller association would also implement the O&M plan, which community had agreed upon, by collecting the contributions amongst themselves and formation of group housing societies as may be required.

6. PROJECT MONITORING AND SOCIAL AUDIT

Mission will be monitored at all three levels: City, State and Central Government. CSMC will monitor formulation of HFAPoA, Annual Implementation Plans (AIPs) and project implementation. Suitable monitoring mechanisms will be developed by the Mission. States and cities will also be required to develop monitoring mechanism for monitoring the progress of mission and its different components.

7. CONCLUSION

In summarizing the HFAPoA of Bhadreswar Municipality, Bhadreswar Municipality takes the vertical for implementation of the project namely “Beneficiary –led – construction”. For this project, Bhadreswar Municipality conducted Demand Assessment survey for getting total requirement of houses in the ULB. From this survey, the total survey forms received in Format B are 2995. All of 2995 form received only from 34 slums and not considering the non slum area.

N.B: Under “Beneficiary-led-Construction” each beneficiary will get 1.5 lakh from central assistance.

The total Central financial requirement of the project is given in the following Table.

Table 28: Total Central assistance Requirement of the Project

Interventions		Number of Beneficiaries and Central Assistance Required (Rs. in Crores)														Total	
		2015-16		2016-17		2017-18		2018-19		2019-20		2020-21		2021-22			
		No.	Amount	No.	Amount	No.	Amount	No.	Amount	No.	Amount	No.	Amount	No.	Amount	No.	Amount
